3.2 Product Lineup & Material Specifications

Category	Product Variant	Key Ergonomic & Functional Features
Chairs	Gaming Chair (1 Model)	Bucket seat design, adjustable lumbar/armrests, lockable recline, breathable upholstery.
Chairs	Office Task Chair (1 Model)	Breathable mesh back, lumbar support, seat height adjustment, optional headrest.
Desks	Straight Desk	Deep surface (70-80cm), built-in cable management, powder-coated steel frame.
Desks	L-Shaped Desk	Dual wings for corner utilization; separates gaming/creation from work.
Desks	U-Shaped Desk	3-sided immersive workstation for multi-monitor power users.
Desks	Height-Adjustable Desk	Electric/mechanical lift mechanism for sit-stand health routines.

3.3 Materials Comparison Matrix

Material	Advantages	Limitations	Mortah Strategy
MDF (Melamine/Veneer)	Economical, smooth, wide color variety	Requires proper edge sealing	**Standard Core Surface** (2.5cm min)
Natural Wood	Premium aesthetic, extreme durability	Heavy weight, high price	Premium customization option
Carbon-Fiber Finish	Sporty look, scratch & slip resistant	Less corporate appeal	Gaming Desk line option
Tempered Glass	Modern look	Shows smudges, weak for heavy monitor arms	**Excluded** from lineup
